FRENCH GAIN AN IMPORTANT HILL

Paris, May 21, 10:45 p. m.—The following communication was issued this evening:

"Supplementing the previous reports of the importance of the defeat suffered by the Germans in their attack north of Ypres during the night of May 20-21: We captured 150 prisoners and took several mine throwers. The ground was strewn with more than 500 German dead.

"The weather having improved, our troops on the slope of Notre Dame de Lorette made an attack which succeeded brilliantly. We have taken the German fortified works called 'the White way' (La Blanche Voie), which is situated on the only one of the five southern ridges of Lorette hill which was still partially in the hands of

the enemy. From this point the Germans, with their mitrailleuses, were considerably hampering our action, as also was the case on the plateau and to the west of Souchez.

"The entire Lorette hill and the lesser ridges which the enemy had defended fiercely for more than six months are therefore in our power. In addition we have captured that section of Ablain St. Nazaire which linked the 'White way' works to the northern end of the village still occupied by the enemy.

"In this fighting we captured more than 250 prisoners, several of them officers. We also took a cannon of the enemy.

"The enemy replied to our success here with a very violent bombardment. They have not, however, counter-attacked.

"The day was uneventful on the rest of the front."

BRITISH MOVING AHEAD IN FRANCE

London, May 21, 8:55 p. m.—"Since my last communication of the 17th," says Sir John French, the British commander in chief, in an official communication made public tonight, "the operations have been hampered by the weather.

"But in spite of this our troops have made appreciable progress near Neuve Chapelle. The main characteristics of these operations have been numerous local fights for strong points behind the enemy's original line. In capturing several of these points our infantry has again displayed great gallantry.

"On the remainder of the front there is nothing to report except minor artillery engagements.

"Last night we brought down a German aeroplane in the neighborhood of Ypres."

GERMANS CROSS THE RIVER SAN

Petrograd, via London, May 22, 1:46 a. m.—The following Russian official war statement was issued here tonight:

"On May 19 our troops seized an enemy position near the village of Kourchany and captured hundreds of prisoners and some machine guns. West of Shavil the enemy fell back along a considerable front. In the region of Rossieny the enemy, reinforced, partly crossed to the left bank of the Dubissa river.

"On the left of the Vistula we continue to press the enemy successfully in the region south of the railway station between Radom and Kielce, and have already repulsed him from Opatow and on the front Sloupian Nowell-Lagow.

"On the Galician front the battle continued on the 19th with great ferocity. Between the Vistula and Przemyśl the enemy extended themselves somewhat on the right bank of the San, in the center of the region of Sieniawa, but on two flanks in the direction of the Vistula between Tarnobrzeg and Ulanoff and in the direction of Przemyśl near Tytcheny, we realized important successes in a battle on the left of the San."

AERO SQUADRON FOR STATE MILITIA

New York, May 21.—President Allan R. Hawley of the Aero Club of America announced today that a public subscription had been started by the governors of that club to acquire funds with which to purchase a squadron of aeroplanes for the use of the militia of each state in this country. It is proposed also to provide one hundred aeroplanes for carrying mail with the understanding that the machines and aviators will constitute a reserve for military use in case of need.

The subscription, it is stated, is intended to be an application of the plans put into effect in Germany and France in 1912 and 1913, by which in each country upwards of one million dollars was obtained.

RUSSIANS FAIL TO STOP GERMANS

London, May 22, 3:41 a. m.—The Petrograd correspondent of the Morning Post, in a dispatch dealing with the hostilities in the southeastern theater of the war, says:

"News from the great battle raging over a 250-mile front remains exceedingly grave. The Russians are making progress on both flanks, but this is unimportant, as the German main on-set is at a center from the confluence of the San and Vistula rivers to Przemyśl, a distance of sixty miles, every yard of which has been the scene of desperate fighting for days. It is here that a decision must be reached, and so far the Germans continue to have the better of the struggle."

CRIMINAL ACTION AGAINST PACKERS

Albany, N. Y., May 21.—Criminal action against Armour & Co., and Swift & Co., packers, has been instituted by Attorney General Woodbury, to test the constitutionality of the state container law, it was announced today. It is alleged that the two packing companies failed to mark the weight upon hams and bacon that were wrapped.

It is also charged that these meats were sold with the wrappers and that the purchaser paid for the wrapper the same price he paid for the meat.
